

Röchling introduces another sheet size option!

Röchling's -Metric Sized Sheets (Polystone® M (UHMW-PE))

We at Röchling pride ourselves in manufacturing the most comprehensive product line in North America and now our product offerings just increased even further:

In addition to our unique (8' x 20') MegaSheet™ and our custom length 48" and 60" wide sheets we now offer another size option in our Polystone® M product range

Metric sized sheets: 1000 x 2000mm (39.37" x 78.74")

Maximum width: 40"

Custom lengths: up to 144"

Röchling's new **metric size sheet** lets you take advantage of optimized yields for your customized and custom sized applications and parts.

Thickness range from 2mm (1/8") to 42 mm (1 1/2") and a gauge tolerance of +/- 0.3mm (+/- 0.012") the metric size sheets provide an exceptional close tolerance, optimum flatness and an outstanding surface finish due our unique surface finishing.

Custom length and colors require a 10,000 lb minimum.

Available from stock in Polystone® M Natural grade:

2 - 6, 8, 10 and 12mm sheet size

"Ideal for when a standard 4 x 8 or 4 x 10 sheet does not provide a good yield"

Benefits of metric sized sheets:

- Optimized yields
- Close tolerances
- Optimum flatness
- Outstanding surface finishing

Röchling Engineering Plastics offers the most comprehensive product line in the USA and Canada including:

Polystone® M (UHMW-PE)	Sustamid® Nylon
Polystone® P (Polypropylene)	Sustarin® Acetal
Polystone® G (HDPE)	Susta HPM's
